

Background:

Mr. Emmitte K of Michigan City, IN, is a veteran who had been experiencing difficulty traversing a short flight of stairs in his home. Emmitte reached out to his VA counselor, in need of a solution. Soon after, they contacted EHLS and explored the accessibility options available to him.

Stairlifts provide ease of mind, independence and safety for users and their families.

Obstacles:

- Unable to ascend stairs safely and with confidence
- Limited access to upper level rooms in the home
- Decreased ability to move freely in the home

Emmitte with his newly installed stairlift!

Solutions:

- Installed a Bruno Straight Residential Stairlift,
- Mr. K is now able to easily manage the stairs in his home, and move independently in his home.
- Our EHLS technicians will not only install your stairlift, but also take the time to explain the functions and operation: "Not only did he do a fantastic job, he was very informative and patient with us." -Mary K

Bruno Elan seats fold away when not in use for ease of stair access.
